

FIBER COUNTER & BAR STOOL – TUBE BASE W. BACK

ISKOS-BERLIN ON THE DESIGN "Fiber Bar Stool is the elevated extension to the Fiber Chair family. Retaining the essence of the Fiber series—a clear sculptural language that refuses to compromise on comfort—the bar stool is a versatile and conforming companion for any setting. We wanted to create a harmonious and friendly piece with soft shapes that would fit a café setting as much as a bar or kitchen counter. The stool's seat is made from a wood fiber composite, giving the design a unique expression and a tactile texture."
