

SOFT EDGE 10 BAR STOOL

DESIGN BY ISKOS-BERLIN

Iskos-Berlin's Soft Edge series features an organically shaped seat and back seat, blending strong curves with extreme lightness to create a three-dimensionality that is not normally possible with 2D plywood. The result is a minimalistic design that optimises human-centric comfort for constant shifting and movement. Featuring a wooden seat and back in a range of different finishes, the Soft Edge 10 bar stool has long steel legs that enhance the minimalistic aesthetics and create a feeling of lightness, while the low, supportive backrest enhances the bar stool's stability and comfort. Its strength and functionality ensure years of everyday use in a wide range of public and private environments – from corporate spaces and cafés to home environments. Available in two different heights and with upholstered seat options.

PRODUCT DETAILS

- / Part of a family of dining chairs, bar stools, lounge chairs and stools with steel base or solid oak legs or polypropylene seat and back with steel base.
- / Offers an ergonomic seating solution due to its increased level of back support.
- / 3-dimensional form based on the latest developments in moulded plywood technique using ordinary plywood.
- / Variety of seat and base colours and finishes.
- / Available with seat upholstery in selected fabrics and leathers.
- / Available in a low and a high version.
- / Suitable for a wide variety of private and public environments.
- / Qualified for contract use.
- / Stackable on floor up to 10 pcs. without upholstery.
- / Stackable on floor up to 6 pcs. with upholstery.

HAY
